

NARC QSL CARDS

These are the Card front designs available, Finished size printouts are available from Malcolm G3PDH to help you choose.

Each of the designs will be amended to show your call sign and the logo's you require from the selection overleaf. The Logos shown are the main ones anticipated, if your required logo is not shown and you can supply it in a usable format it can be included (300dpi jpg, tif or PDF). The only one that is obligatory is the NARC logo. It will also be possible to include a small colour photo of you in the shack if required. Photos must be supplied as 300dpi jpg, tif or PDF.

There are two versions of the reverse available, A and B. Your contact details will be in either of these formats. To avoid any errors, you will need to supply all the text content you require in a word file, ie Call sign, Name, Address, Locator, membership numbers, etc. This will then be pasted into the relevant place. You will be sent a proof for approval, to check the content is correct via email. No responsibility for any errors or omissions once approved will be accepted by NARC. Payment is strictly in advance.

ENGLAND

Norwich

The City of Norwich is in the heart of East Anglia and the most complete medieval city in Britain. It is the capital city in the county of Norfolk and retains many fine features from its vibrant history which extends back to Roman times. The city has a fine Cathedral and combines a modern commercial activity with tourism and historic interest.
