Present

Chris G0TZZ, Rex G0CLR, Tony G0MQG, Malcolm G3PDH, Roger G3LDI G0TZZ
G0LGJ, Allan G0KRU left after initial part of meeting.

How to move forward at the CNS School

David G7URP gave an overview of Friday visit where G7URP, G0LGJ, G3LDI, G0TZZ
visited the roof of the school to assess antenna installation etc.

Allan G0KRU gave an overview of what the school requires for students and parents and
other parts of the community.

Plan to run foundation course of approximately 10 – 12 students.

Also require a basic radio and tools for the course.

NARC have a tools etc that will be stored in the portakabin.

NARC will assist Alan in the running of the first foundation course.

Rex G0CLR mentioned that fact that the cupboard attached to the Mobile classroom
relatively small, maybe Use Cupboard as store with facility to use room as main shack if
required.

Chris G0TZZ suggested a portable mast instead of using the roof,.

Discussed antenna on top of roof. Concerns re Catenary wire and weight.
3 feeders across from top of roof to portakabin.

Need to generate a working party from committee and members. Also a plan of action put
forward to the Site manager for our actions.

Notices to be at 19:30 , club hours 19.30 – 21.30 **ACTION Mark G0LGJ to change WEB
David G7URP to advise membership.**
